GUIDELINES FOR DISPLAYING ARTWORKS AND COLLECTIBLES ON WALL PANELS AND IN GLASS CASE

WALL PANEL DISPLAYS

1. A scheduled time should be arranged for the artist to meet with the person in charge of displays or an available staff member to provide assistance on how artworks are to be hung.
2. Artwork displayed on wall panels should be matted, mounted, or framed, if possible.
3. Artist displaying works on wall panels must bring hammer, nails and hooks, or push pins. Please do not hang with tape, Velcro or any sticky substance.
4. The Library will provide a ladder to the artist to hang his/her artwork.

Wall panels measures
(total of six panels)

APPRO 68" H

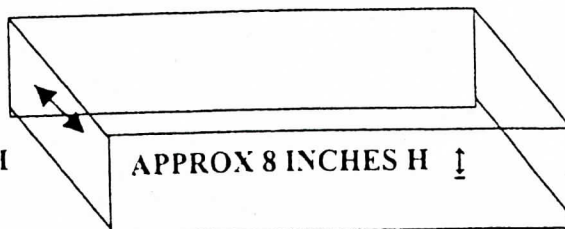

GLASS CASE DISPLAYS

1. A scheduled time should be arranged for the collector or artist to meet with the person in charge of displays or an available staff member to provide assistance on displaying items in glass case.
2. The collector should arrange his/or collectibles or artworks so it is attractive and easy to view. Please limit the amount of items contained in the display case. Too many items in the display case tend to make the display appear overcrowded.

Glass Case Measures

APPROX 2 FEET 1 INCH
DEEP

APPROX 4 1/2 FEET LONG
