RESCHEDULED

Managing Your Credit Cards Wisely

with Vince Stravino

How To Use Credit Cards Safely & Effectively, and Make the Most of Their Benefits

Credit cards are a way of life. They're easy and convenient to use. With that convenience though comes a down side – DEBT. It is essential to understand the role of credit cards as they relate to your financial life and goals. Learn to view credit cards in the context of your budget, your debt situation, and their impact on your financial priorities. Learn how they relate to your medical bills and medications.

Use credit cards to your advantage - be an educated consumer.
Know what makes the most sense for your situation.
