

**The Palmer Branch will be CLOSED
For renovations from October 31 until
November 21, 2022.**

Exciting things are happening at the Palmer Branch! As you may remember, the carpeting at the Palmer Branch was on schedule to be replaced early 2020, before the pandemic. Due to various factors, that project was postponed but is now finally scheduled to begin Monday, October 31! This will mean a change in services at the Palmer Branch during the project.

The Palmer Branch will be closed Monday, October 31, 2022 until Monday, November 21, 2022. Patrons should pick up their holds by Saturday, October 29. Any remaining holds will be sent to the Main Library on Monday, October 31. Items checked out at the Palmer Branch prior to its temporary closure will have a due date of Monday, November 28, 2022. The book drop at the Palmer Branch will also be closed during this time, however books can be returned to the Main Library. For access to library services during this branch closure, visit the Main Library at 515 Church Street. We have public computers, programs for all ages, ample parking, and newly extended hours. Please visit eastonpl.org for more information.

Thank you to those who have made this project possible! The carpeting replacement project is a joint partnership between Palmer Township and the Easton Area Public Library and made possible by a generous bequest from Mr. Clifton Morris. Kustom Floors, a Palmer Township company, will be removing and installing the carpet. National Library Relocations, from Long Island, NY, will be moving all of the books, furniture, shelves, etc.
